## PRESIDENT'S MESSAGE

### President's Message

Hello Members.

June started off with a good meeting and the signing up of a few new members.

A tech session was held at Lakeside collision and repair. We had 5 members show up for a real good class. We saw some of the in's and out's of body work and painting. But more importantly the changes being made at these shops to protect the environment and the closing of some smaller shops.

Sitting here writing this message, I cannot believe that yesterday was the first day of summer. Our temperatures are averaging 10 to 12 degrees above normal. Our lawns, pastures, and gardens are dying. We are in a serious burn ban. It's hot, so please be careful and say hydrated.

Speaking of hot, The Texas Tour was last week. We had four members and two cars present. For those of you that did not go and normally do, it may have been for the better. It was hot with more heat on top of it. The tour was great. Banquets were excellent, outside activities were hot.

Our July meeting will be held at the home of Bob and Mary Harris. It will be our annual Double Dip Party. Make plans to attend. Come out and meet all our newest members. Call if you need directions or check the Web site for more information.

See you at the Meeting.

Walt
