PRESIDENT'S MESSAGE

President's Message

Hello again;

(IMAD) International Model A Day. September 22, Ben Wheeler, TX. Mark your calendar .

I would like to say to everyone, This is one event we all need to attend. A time to celebrate the Model A your Club and other clubs in the area. Cars, Food, Car games tours, shopping, raffles, door prizes, vendors and live band.

Our Wednesday Breakfast was a another hit with the great attendance.

We also had a good turn out for a hunter's extravaganza in the

community of Becker, with a side trip for a garage sale and a lunch at the Dairy Queen in Kemp.

Another trip that we made was to Ben Wheeler for a fish fry for the volunteer Fire Department . We were welcomed to Ben Wheeler with one of the heaviest rain storms of the year, This did not dampen our goal to enjoy a good meal and help these people called Fireman and Women.

Have a safe Labor Day and see you all at our next monthly meeting. Tuesday Sept. 4th . Tire kicking at 5 p.m. Meeting at 5:30 p.m.

Walt.

Editor's Note

An apology and an explanation for this newsletter being short and late. As most of you know, I have been on a model airplane-related trip to Bulgaria for the past almost two weeks. Now it is Sunday morning and I am in a nice hotel in Sofia. It's already mid-morning Sunday here. Briefly said: I simply haven't had time.

So I offer my apologies and hope this newsletter will meet our needs.

Walt welcomed everyone and led the group in reciting the Pledge of Allegiance.

Walt asked if there were any corrections or additions to the June 2012 Minutes; there were none. There was a motion and second to accept the minutes as written.

Bill Wittner presented the Treasurers report.

Danny & Shirley made a generous contribution to IMAD. Thank you!

Wallace showed the beautiful Model A quilt made by Nancy Kemp and her friends. Wallace said that 100% of the proceeds would go to IMAD. There was discussion on how best to sell the quilt -- no decision reached.

Walt advised that all three officer positions will be vacant next year. The membership needs to be thinking of persons to nominate for President, Vice-President and Secretary/Treasurer.

The August raffle was held with Billy Campbell having winning ticket number 116958 drawn.

Billy Campbell made a motion to adjourn, with a second by Bill Lee. Meeting was adjourned at 6:15pm.

Museum Update

The Summer is flying by and so is the progress on the Museum. It is hard to believe that we are already in mid August. The dedication of the building is approaching fast. I hope to see most of you there. All of your hard work in planning and raising money and promoting the hobby is becoming a reality.

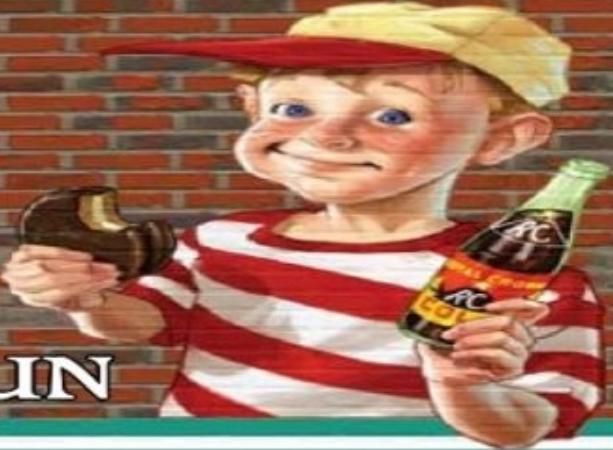

Cornerstone Construction is working hard to stay on schedule with the building. Most of the glass is now installed for the front of the building. They are starting to power wash the brick. The tile work on the floor is moving along nicely, but it is a big job! They had 2 weeks in the schedule to lay the tile. Gilmore personnel will seal the tile floor after the tile contractor finishes their work. This will also take two weeks so we are on schedule, but it will be tight for the drive through photos on Sept. 15th. The back wall is complete except for the cap on the roof and touch up painting. The electrician's have put in the maintenance fluorescent lighting, and the theater lights and were finishing outlets yesterday. The first order of bricks for the walkway have arrived!

I know many of you are watching the progress on the Webcam and over the next month there is going to be a lot of activity right up front. They are finishing off the canopy. Then the drainage trench will be dug across the front of the building and curb basins will be installed. The road will be widened and a sidewalk will be installed across the front of the building. Lastly, paving for our drive will take place and the brick walk will be installed. It is going to be a busy month. Have fun watching and continue to support the effort any way you can!

Thoughts for the month:

PMS jokes aren't funny; period!

I know a guy who's addicted to brake fluid... He says he can stop any time!

I stayed up all night to see where the sun went... Then it dawned on me!

I'm reading a book about anti-gravity... I just can't put it down!

I didn't like my beard at first... then it grew on me!

I used to be a banker, but then I lost interest.
