President's Message

November has been a busy and wet month for the club.

Activities started with a trip to the Kerens nursing home on the 9th. Four cars and 7 members made the trip. The folks there were very glad to see us and they really enjoyed seeing the A's. After our visit we went to the Double D steak house for a nice lunch.

Walt and Virginia participated in the VFW parade. There was a good picture of their car in the newspaper.

On the 14th we had seven members and 5 A's make it to the Brownsboro parade, car/tractor show. Of course there were food vendors and we enjoyed some very good egg rolls.

Breakfast at the Athens Cafe was attended by sixteen members and it was raining again, but we had a good visit. I did not get an A count for this event.

Eight members attended the Thanksgiving Tour in Waco. We had a great time even though it was cold and raining. On the Saturday tour we visited the DP plant museum, then we drove to the town of Crawford and cruised by the Bush's ranch and visited a local years gone by school house. It was very interesting, brought back some good old memories for most of us. We visited the small town of Loraina and shopped for goodies. I think the Houston club did a great job putting this event together.

Hope every body had a good Thanksgiving. See you at the Christmas party/meeting on the 5th. Don't forget your unwrapped gift for a child and your exchange white elephant gift.

See you then.

Jody

Happy Birthday!

Recently two of our members, C.L. York and O.V. Cliver, each received a Quilt of Valor at a presentation ceremony in Corsicana. C.L. and O.V. represented WWII veterans at the ceremony where approximately 40 veterans received awards from the Quilts of Valor Foundation. The ceremony was on the first day of the week-long Corsicana Quilt Show.

Sue Capps

Bill Capps won the hard luck award at the Autumn Trails weekend.

Our car died going down the highway on the Saturday driving tour. After pulling off to the edge of the roadway, about 10 young Model A'ers opened the hood and went to checking everything....the problem was the electric cutoff came unplugged. Nate from Forth Worth found the problem and fixed it....soon we were on our way. Bill's story about the wife who started asking about every possible reason.. Gathered the most laughter and support!

Cars for sale

This information comes from Max Westbruck, please direct any questions to him. Car is available from a company called DMC in Forney, TX, Chip Starr, phone number 972 979 3685. Asking \$11k

With some reservation, I have decided to sell the Model A I purchased from Brooks Gremmels last year. I haven't had the time to enjoy it. It's been sitting in my shop for the past six months covered up and attached to a battery charger. I know it's not good for the car, and the car should be owned by someone who knows how to take care of it.

Brooks told me it was worth \$16,000, so that's what I am going to ask for it. I thought I'd make it available to anyone in the club before I made it known it is for sale, in case there was anyone who wanted it for sentimental reasons.

I haven't started it in six months, but the last time I did play with it, it started and ran fine. It's a driver, not a show car. Unfortunately, I don't know enough about the cars to give anyone my opinion on it.

THOUGHTS

Death is the number 1 killer in the world.

Life is sexually transmitted.

Good health is merely the slowest possible rate at which one can die.

Give a person a fish and you feed them for a day. Teach a person to use the Internet and they won't bother you for weeks, months, maybe years.

Health nuts are going to feel stupid someday, lying in the hospital dying of nothing.

All of us could take a lesson from the weather. It pays no attention to criticism.

In the 60's, people took acid to make the world weird. Now the world is weird, and people take Prozac to make it normal.

Don't worry about old age: it doesn't last that long.
