President's Message

Today is April 21, 2016, One week before the Model A Club Party at Cherokee Shores, 176 Indian Gap, Gerald & Emma's house. I'm just a little tired of this rain. My yard is soaked with moisture/rain. We prayed for the rain during the drought but now we have more than we wanted. Cedar Creek is running over! I hope the rain will slow down and give us a break next Wednesday & ***Thursday for our party***. If it should rain the party is still on! We will move into the house for eating. If dry we will have games of horse shoes, pitching washers & fishing or just relaxing. Model-A talk!

The date of April 19th breakfast was a success, we had a good attendance. The bluebonnet tour was called off because of the lack of flowers due to all the rain.

Driving Directions to the Party: Emma has made signs to follow to our house. Look for the **Blue Model A** and arrows on the signs to guide you to our house. I have already mass mailed the directions but in case you missed the mailer, directions as follows;

Take Highway 198 south toward Payne Springs and cross over the tall new bridge.

Follow 198 **around** the Enchanted Oaks corner which is 40MPH and keep going straight on Highway 198 less than a mile.

Watch for the Club **Blue Model A Signs** & Turn right at Cherokee Shores Drive.

If you pass the Shamrock Gas Store you missed Cherokee. Turn around at the Dollar Store and come back.) Follow the **Blue Model A** signs.

Turn left at Quannah Street and stop at the **stop sign**.

Drive across Double Bridge Road and count the 5th street on the right.

Turn right at the 5th Street/Indian Gap, a dirt road with pot holes.

Drive to the lake area, **176 Indian Gap** is on the right side of the street.

See you at the Party, Thursday, April 28, 4:00p.m., all are invited!

Customer Appreciation Day First State Bank

April 15

Our club had cars at all three bank locations. A very nice spring day made for an enjoyable time socializing with people checking out the cars. The bank grilled hot dogs for lunch.

Gun Barrel

Mabank

TECH SESSION

April 13th was tech day at the Mabank High School automotive department. Harold Hemphill demonstrated how a Model a carburetor works. Walt and Bob set up a model A head. Then they had kids grab a spark plug and get a small shock. Each class and our club enjoyed sausage wraps thru out the day. Billy said the girls was braver about the spark from the plug than the boys were.

POOR BOY TOUR Schulenburg Tx

The Capps, the Carpenters, and Walt Hellebrand participated in this tour April 8-10th. It was a very enjoyable weekend with socializing, food and 2 driving tours. The weather was cloudy but there was no rain.

St John the Baptist Painted Church. Instead of touring the Church, Walt tried out his new method for finding arrowheads. You drive over them and pick them up with your tire. But he doesn't recommend it.

Walt spend his 77th birthday driving down Highway 77.

Narrow 1 lane iron bridge.

Touring flower filled countryside.

Prom Night at Cedar Creek Country Club

This is an update on OV. He had a minor stroke Wednesday April 27th. He went to the emergency last night and was admitted to the hospital about 10:00 pm. He had several tests done today (echo cardiogram, Doppler on carotid (neck) arteries, MRI, and lots of blood work) and we will find out the results in the am. He is doing pretty good he is not slurring his speech but does have some weakness in his left hand and leg. We should take him home Friday pm. He has been sleeping a lot and should have some physical therapy Friday. He is joking with the nurses and his mind is very sharp. Please keep him in your prayers.
