

## Wednesday Breakfast

Our monthly Wednesday Breakfast was moved a week earlier this month since the normal “third Wednesday of the month” schedule would have made it the day before Thanksgiving. And it turned into a “Wednesday Lunch” although some also got together in Eustace for breakfast.

The program was to gather in Eustace and then drive to Ben Wheeler where the “east enders” would join up. We met in the parking lot of Moore's Store.

From there we drove the Tour that had been arranged for International Model A Day. After the tour, about an hour long, we all met back at Moore's Store for lunch.

The tour was about 22 miles in length, taking mostly the back roads of Van Zandt County between Ben Wheeler and Edom. A marked difference between this tour and that on IMAD was the beautiful foliage that we have experienced this year.
