

CEDAR CREEK

MODEL A NEWS

Ola Powell 903-451-5934

Bill Capps 903-451-9651

**Next Meeting *TUESDAY, DEC 2, 2003* at the
DAIRY QUEEN SEVEN POINTS**

THE REARVIEW MIRROR.

Members present at the October meeting: John and Wanda Bell, Bill and Sue Capps, Eddie and Pat Moseley, Ola and Edie Powell, Shorty, Charles and Janelle Seabourne and Gene Tregre. Bill Capps and Shorty drove their Model "A"s. It was good to have our President Ola back. So glad that he is doing better. O. V. and Lorene went to Tyler for doctor appointments. Bud and Patsy were missing due to a doctor appointment also. If you were missing....we missed YOU! Hope to see you at the December meeting!

Autumn Trails The leaves were beginning to turn red and yellow and on Sunday, October 26 a fall chill was in the air. It was wonderful! If you missed Winnsboro, plan now to go with us next year, the last weekend in October. Nine of us met at the John Willis home place for kettle stew on Friday night. We saw lots of old Model A friends and met some new ones. Saturday morning the Model A's and other cars started to line up about four miles out of town for the parade. Then the Model A's lined the street from curb to curb for the public to inspect them until it was time to clear the street for the car games. The Ashtons, Capps, Clays, and grandson Toby, Moseleys, Powells, Seabournes, and Shorty drove their Model A'sThe Bells drove a beautiful Ford—not an A, but a T, not a Model T but a T-bird. We really made a great showing. I was very proud of our group and all who participated. I hope you all enjoyed Winnsboro as much as I do!

We had twelve present at the Saturday night all you can eat B-B-Que banquet with the men wearing their new blue and white caps. Four teens from other clubs who thought our club had the "coolest caps" each bought one and wore them on the driving tour Sunday!! How about that for free advertisement? We were recognized as the "new club" in the region at the banquet.

It was a little cooler Sunday for the driving tour, but it was the best ever since we started going to Autumn Trails in 1991. We drove on some great tree lined and in some places tree covered narrow roads with several little hills. On along on a dusty unpaved road for a short time and then over a low-water bridge. We had a wonderful visit and pit stop at the home and shop of John Burk, who enjoyed showing off his antique tractor and equipment collection. Ola was not able to drive the Sunday tour---but Ola we saw your “Vicky”—sure looked good!!! Mr. Burk is proud of it!

***** HAPPY 90th BIRTHDAY Mr. Ollin Lewis on November 29 *****

TWO IMPORTANT DATES TO REMEMBER

December 2 Next meeting 5:00 pm at Dairy Queen Seven Points. They may even have some chicken and dumplings Tuesday.

December 6 Gun Barrel City Christmas Parade (I have already entered our club---so decorate those Model A's really good and colorful and come on out to help us win 1st place this year.) The staging will start around 1:00 pm behind the Gun Barrel City Dairy Queen, but some of us will be there and will hold some places in line if you tell us you will be driving your A with us. Please call Ola or Bill Capps. The parade will begin around 5:30 pm. See you there----you hear???

Trip to Sand Flats

Tuesday, November 11, the Bells, the Capps, and Shorty met O.V and Lorene for a great driving tour to Sand Flats. We visited a cemetery and saw many graves over 100 years old. Janelle we saw your great grandfathers' burial place! We had a nice picnic lunch at the “BIG rock” and enjoyed some beautiful countryside driving. Thanks for the idea Wanda and thanks O.V. for planning this...it was GREAT and from what I have heard everyone appreciated it. Start planning another one O.V.--- I bet we will be ready again real soon. We are very fortunate to have OV to tell us the history of the places we visit around the lake area. The tours never fail to give us bits of interesting information.
