DAIRY QUEEN SEVEN POINTS FREE ICE CREAM

The July club meeting was just great. All the blue vests looked wonderful!!!!!! A great meeting and a good time of sharing and visiting! We had 18 members and a special guest, George Tinning from Dallas who is a member of the Dallas Model A Ford Club and a representative of the Model A Ford Club of America (MAFCA). It was so great to have John and Mary Worman visiting with us also. They are now our newest club members. Welcome John and Mary! It is exciting to have you in our club. Mary has already volunteered to help us with *anything* and that is exactly what a club is all about--- Remember you too help to make this club work---so give us some input and any suggestions you might have---call Ola or Bill and help us make this a very active, fun and exciting club.

Our July outing will be on Thursday, July 29 in Athens for Cruise Night. Meet us at Ken's Pizza Highway 19 at 6:00 pm for the buffet and come see all the cars that show up there. The goal is to have 50 cars. Let's take all the Model A's over and show them we love to drive our cars! Of course, any car you wish to take will be just fine!!! They want to see all kinds. This is a great way for us to promote our club and hopefully get some more folks interested in the A's.

Our club joined the national club (Model A Ford Club of America) on Tuesday while George was with us. This is exciting for those of us who have had this as our goal since the club started. There is no cost to the club, but we will become listed in the national roster and other Model A enthusiasts will be able to locate our club in this area by checking the national roster. Also, "The Restorer" magazine offers so much information about repairing Model A's, where to locate various parts, national swap meets and meetings and some very interesting articles to read about other Model A'ers and how they found their cars and what all they had to do to restore them. All of the stories are very delightful.

Wanda Bell is in charge of the photo-scrapbook for the club. If you have any pictures of any club outings or events that you would be willing to donate to the club, please bring them to the next meeting or give them to her when you see her.

Garage Report – The shocks are on Bill Capps Coupe and it does run a little smoother---
The air conditioner is still “under construction”. Not a lot of room in a
M Model A for all that A/C stuff you have to have under the hood..

Sunshine Report *So sorry to hear that Lorene’s sister passed away. Sincere sympathy
To Lorene and the family. You have been in our thoughts and prayers.*

*Gene Tregre had a little accident and is at home recovering. We wish
you a quick recovery Gene!*

Happy Birthday to You!!!
