DAIRY QUEEN SEVEN POINTS FREE ICE CREAM with your meal

From the President...

This is my last club meeting as President.... just where did 2005 take us? We had some great tours, great picnics, great tech sessions and great club meetings. Thanks to Wanda Bell for planning these years' events for us. Many thanks to Mary Worman, who spent many long hours meeting the challenge to provide us an awesome club calendar. Thank you officers and board members for your input and support. As I bid you farewell as president—let me say thank you to all of you who made my duty fun and rewarding. We have a great club and that is because of you! As I pass the gavel to Clark Clay, our new president for 2006, I know that you will also stand behind him and the 2006 officers with your support, with your ideas, attendance and participation.

Henderson County Back Roads Tour

I'll name this the Sand Flat Tour. We had nice fall weather for this tour with fall colors everywhere. Six Model A's made up the tour. Members participating were O V and Lorene Cliver, John and Wanda Bell, Jim Blakeney, Joe Creecy, Shorty Johnson, Harris Lege, and Ola and Edith Powell.

The Cliver's were our tour leaders. Once again some great back roads were chosen. The route had some dirt roads that added a different element to the tour. Some sections of the route were covered with fall color from the canopy of trees that made a tunnel of color, with leaves falling, the road covered with leaves, and as the cars drove thought the leaves there was a wave of colored leaves.

The first stop was the Sand Flat Pioneer Cemetery. I am not sure when the cemetery was established, but the oldest Tombstone date I saw was 1874. Some of the names of folks resting there were Willis, Pippen, and McManus. I saw birth dates of 1815, 1819, 1845, 1878 and death dates of 1874, 1885, 1898, and 1903. Mr. Cliver said "the last date he had seen was 1917". Webster's defines pioneer as (one who goes before, preparing the way for others). Wonder where these pioneers came from and why they settled where they did? What were their hopes for the future?

From the cemetery we made our way to the road side park north of Athens on highway 175. This was the location chosen for a picnic lunch. Wanda Bell brought a cake to go with lunch. (Good cake Wanda)

As we were on our way to finish the tour the only break down of the day occurred. Shorty Johnson made quick diagnose and repair of the ignition problem. Everyone finished the tour on their on power..

Just another Cedar Creek Model A Club memory. By Joe Creecy

SUNSHINE REPORT Ola begins his treatments again this week.
O.V.'s second knee replacement surgery is Dec. 6th
Please keep these club members in your prayers. We wish you both speedy recoveries.
