From the President...

Another great meeting in July. If you did not make it...we missed you!
OV and his sister, Evelyn, Bud and Patsy Ashton with their fine looking grandson, Alex, Jim and Sandra Bellah, Bill and Sue Capps, Charles Seabourne, Eddie Moseley, Ken Parker, Robert Needham, Shorty, Joe Creecy, Paul and Linda, Ola and Edie Powell, Clark Clay, John and Mary Worman.,

Sue Capps, Shorty and Mary drove Model A's to the meeting.
O V .won the door prize, which was a very nice FORD sign for his garage.

Wednesday, July 20th was the first DQ local cruise night, sponsored by Danny and Shirley at Seven Points. They had a great turnout—but unfortunately NOT a single Model A was present. Being on a Wednesday will hinder several of our members, but let's all try to make it on the next cruise night which is Wednesday, August 17th.

Thursday, July 28 was Athens Cruise night. Charles and Janelle, Bill and Sue, Shorty, Robert and Immogene Needham and Ola and Edie Powell, Paul and Linda were all seen enjoying the music, fellowship and seeing all the cars. There were so really pretty ones. Shorty, B ill and Sue drove Model A's.

We had a very fun ice cream eating contest at the beautiful home of John and Mary Worman on Friday evening. I could not really tell who actually won, but I did see Clark and Bill Capps at the serving table----let's just say more than two or three times. All the homemade ice creams were so delicious. ..and we had quite a variety of cookies, brownies, fruit, toppings and cake to make it a great end to a very long, hot and dry week!! The pool was just too inviting for some of us, while some just "got their feet wet"—others of us just could not resist the call of the clear, cool water to cool off. A BIG thanks to John and Mary for a great get-together. Judy Clay, Bill Capps, Shorty and Harris drove Model A's.

SUNSHINE REPORT

Ola is getting better every day. He had tests last week and is waiting for the results

John Worman had tests last week also and is waiting for the results.

OV had knee replacement surgery and is now home and learning to walk again.

Jim Blakeney had surgery on his shoulder and is doing as well as can be expected with a cast. His recovery time is about 6-8 weeks.

We are so thankful that all our folks are home now and doing better. Please keep all of them in your prayers as they wait for results and continue to mend. So glad that everyone is doing better—hope to see you all real soon—in a Model A!!!
