We had another great group....Special guests were Jim and Lois Estes from Canton. Bill Capps, Shorty, Clark Clay, Robert Needham and guests Jim/Lois Estes drove Model A's to the meeting. Joe Creecy won the door prize, which was several handy items for the Model A. Come join the fun and enjoy the fellowship!

**WELCOME** New members: Don and Shirley Dyess from Tool. They have recently purchased Charles Hill's A and have joined the club. Their address is 1505 Kanakoa Dr. S. Tool, Tx. 75143 and their phone number is 903-432-4551. Welcome to the club. We are happy to have you join us.

Wednesday, August 17 was the DQ local cruise night, sponsored by Danny and Shirley at Seven Points. We had several club members present—it was so good to see Jim Blakeney driving his A even with his arm still in the sling. Newest club members Don and Shirley Dyess drove their A, Shorty, Bill and Sue drove A's, John and Mary in their GTO and Ola in his modern iron.

Thursday, August 25 was Athens Cruise night. It was a very hot night and no Model A's attended.

**FYI** This is important and you should do this if you have a cell phone. Because of the terrorist attacks in London recently, some next of kin could not be located for some of the folks as quickly as possible. So someone came up with a clever way to make it simple for the folks who have to try to locate someone in case of emergency, hence ... ICE .... Please add the contact ICE in your cell phone directory with the number of someone police could call in case you are in an accident and cannot make the call yourself. Recently some friends from the Houston Model A Club had an accident. The man was killed and the wife was in critical condition. They were unable to notify the family for a long time. This system would have worked great. You can add several contact numbers by signifying ICE#1, ICE#2 and so on. This could be very helpful in the event that important information is needed quickly for other things also. So take a moment and DO IT!

### SUNSHINE REPORT

Jim Blakeney had surgery on his shoulder and is doing as well as can be expected with a sling. His recovery time is about 6-8 weeks. O.V. is getting better every day. Mr. Ollin Lewis is doing good also. We are so thankful that all our folks are home now and doing better. Please keep all of them in your prayers as they wait for results and continue to mend. So glad that everyone is doing better—hope to see you all real soon—in a Model A!!!

**FOR SALE:** If you are interested in owning a great looking 1931 Model A Tudor, please give Jim Bellah a call at 903-451-2023. Jim also has an original set of 1931 license plates for sale.
